yay! Let's Play!

REWARD CHART

Reward charts can be a fun way to motivate young children to get ready in the morning and develop their independence. Use this simple reward chart using stickers or create a reward jar with small items they can add every morning.

The rewards don't need to cost anything, a few simple ideas like singing a song or playing i-spy on the way to school together can be an effective way for everyone to leave the house every morning stress-free and with a smile!
